AXON Silent & Antibacterial Rechargeable Mouse - Wireless, USB-A/-C, rubber-black

The rechargeable, wireless AXON Silent & Antibacterial Mouse provides a comfortable grip for relaxed and fatigue-free work on the PC and, with a range of 10 metres, is quickly connected via USB and ready for immediate use. The optical sensor has a resolution of up to 2,400 dpi, which can be adjusted at any time using a practical switch. Silent main buttons ensure pleasantly quiet yet precise clicks and the thumb buttons on the side are easy to reach at all times thanks to the sophisticated design. Worrying about batteries is also a thing of the past as our AXON is rechargeable, saving the hassle and expense of disposable batteries. In addition, the surface has an antibacterial coating that reduces certain types of bacteria by up to 99% - making the AXON not only a comfortable but also a more hygienic workplace.
