DRIFT O.Z. Racing Wheel PC, black-orange

Control is everything – especially on the race track. The DRIFT O.Z. Racing Wheel gives you perfect control of any vehicle: with a rubberised racing-wheel rim for ultimate grip and strong suction cups for the best possible hold even when making extreme manoeuvres. It also features a professional gear stick and precise pedals so you can secure those critical tenths of a second. What's more, you can freely adjust the vibration intensity. Control any vehicle – and dominate every track.
