

SL-660001-BK BK

LOOTER Gaming Chair, black-black

Immerse yourself in the next level of gaming with the LOOTER gaming chair! This gaming chair combines functional design with maximum comfort thanks to the padded backrest and seat, making even the longest gaming sessions a pleasure. Equipped with an integrated headrest and ventilation openings in the backrest, the chair offers an optimum balance of support and air circulation. A special feature is the individually adjustable seat height and the 360° swivel function, which guarantees maximum freedom of movement. The tilt mechanism of the backrest allows a tilt from 90° to 110° - lockable at a tilt angle of 95°. Developed to support gamers from 150 to 200cm tall and up to 140kg, the LOOTER gaming chair stands for lasting stability and sophisticated design - ready for any gaming adventure!
